Care to Give a Bear?

Thanks to the Volunteer Club at **Holy Trinity High School** in Hicksville, a table adorned with a colorful sign reading "If you care....bring in a new bear!" was recently piled high with dozens of brand new stuffed animals to be donated to pediatric patients at Winthrop Hospital in Mineola, Ronald McDonald House in New Hyde Park, and Angela's House in Stonybrook. Members of the Club solicited their peers for the donations which will bring a smile to the children's faces and help lift their spirits.

When asked what he learned from the experience, Club President Nicholas Bischoff said, "Being a member of the Volunteer Club has helped me to grow as a person and also in my faith. Knowing that our work has had a positive impact on others is rewarding."

Proud Volunteer Club advisers Ms. Jo Maggio and Ms. Barbara Dawson applauded the efforts of the Club students who have raised close to \$3,000 for various charities throughout the year.
