## Empty Bowls Get Filled

Thanks to the efforts of students from **Northport High School**, the shelves of the Ecumenical Lay Council (ELC) Food Pantry of Northport-East Northport will be well stocked this spring. The organizers of the "Empty Bowls" fundraiser invited the community to show their support of the food pantry by purchasing an entry ticket, which included homemade soups, salad and bread, and a one-of-a-kind student-crafted "empty" ceramic bowl to symbolize hunger around the world.

"We tried to choose a charity in our community and because a lot of people in our community depend on the Northport Food Pantry we thought it would be a good idea to choose them," said 10th grader Jessica Greenbaum. Art Club Advisor Linda Johansen continued "It's very heartwarming to know that my students are feeling the need to be involved in something this important in their life. It's such a positive thing."

As participants in Altice Connect's Charity Champions program, an Altice USA community initiative, the students received an additional contribution toward their efforts and ELC Food Pantry Chairperson Donna Galluccio was on hand to accept the donation.
